Did You Catch the Health Coach Vision?

Satan is so tricky.

He's deceiving millions of people into thinking sick is normal:

- Fibromyalgia
- Chronic disease
- Heart conditions
- Lupus
- Lyme disease
- Alzheimer's
- and more

And so many of those hurting people are Christians. We see them on Sunday morning, hear about them on prayer chains, and grieve for them in our hearts while earnestly seeking God on their behalf.

Maybe you are one of those hurting. Surely you know someone who is.

But the truth is almost all these conditions are preventable by applying simple health practices taught in the Bible. Since we are not doctors, we cannot diagnose, treat, cure, or even "prevent" illness. But we can teach others what the Bible says about health. And we can coach them to make the changes necessary to live life to its fullest by God's design.

Due to deep concern for the needless suffering of many, I've worked tirelessly developing a philosophy of health from the Bible. But now I want to get real practical with the principles. God has entrusted me with valuable knowledge that can benefit EVERYONE with His healing power.

So I am developing a comprehensive coaching curriculum designed to teach sick and hurting Christians how to heal themselves.

[Did I mention I studied under Jordan Rubin?]

Sick is not normal. When we live life as God planned in this world, our bodies CAN heal themselves.

But I need YOU!

I'm looking for 12 "world changers" to come along side me and test the curriculum and then share it to the world.

But I also want you to earn a living in the process. The worker is worthy of their wages.

So part of the coaching program includes helping you earn a healthy living while you help others become healthy. Be looking for another email tomorrow that explains more.

And I almost forgot. I'm picking up the tab for my first 12 coaches. [That could mean FREE courses for you -- if you are one of the 12.]

Btw - did you read the eBook I sent yesterday?

Reply to this email with a YES! so I can know you are on board (and may be one of the 12 that I'm looking for). It is vital for me to know that I have people on my team.

May your health prosper, even as your soul prospers!

Mischelle
ReformedHealth.net

P.S. Remember to read the eBook I sent you yesterday and let me know you are with me. I need 12 people to make this thing work. Are you one of them?

P.P.S. If you missed the book. You can get it here now. 7 Solid Reasons to Study Health in the Bible.

Can You Really Earn A Living As A Health Coach?

Do you know why Tesla failed and Edison became the father of modern electricity?

Tesla wanted to give everything away for FREE; but Edison wanted to sell his electricity for a profit. So the bankers and financiers invested in Edison, not Tesla.

Giving away everything for free sounds good on the surface. But in the end it doesn't work because it destroys wealth and the drive to succeed. Plus it is not the way God designed the world. It really does take money to make the world go round. We can't give everything away and expect to expand our reach.

I know. I've tried.

I've been giving away my work for the last 10 years -- and I hit a brick wall, just like Tesla. And I knew it was time for a change.

The worker really is worthy of his or her wage. (Btw -- that's straight outta the Bible.)

So I have been praying earnestly for a way to turn my life's work into a profitable business. And I believe God has given me a plan that will WOW you!

Why?

Because my plan works for YOU in the same way it does for ME. You'll earn a fair wage (maybe even more than fair) by using my system. [Btw -- I didn't invent this system -- hundreds of online entrepreneurs are already making lots of money in the same way. And it works. I'm just applying it to health coaching.]

And I have good news for you!

In order for this to truly work, I do need to give the plan away to YOU for FREE.

I know this may sound too good to be true. But it is not.

I need you, just as much as you need me. It's kind of like a FREE sample that's so good -- you tell the world about it. And when it's no longer free people are HAPPY to pay for it because it is so good.

As mentioned in a previous email, I am looking for 12 "world changers" to help spread the healing message that God has entrusted me with.

I'm developing the comprehensive Health Coaching program, but I need you to come along side, test it, and share it to the world. I'm giving you the FREE sample -- so you can offer it to the world (who'll be happy to pay because it is so good). Books are written about this kind of stuff.

See, it is not going to be FREE forever. Once I have certified 12 health coaches, I'm shutting off the FREE valve, and turning on the BUY NOW button. [My next email will explain exactly HOW you can earn a living using my program.]

But there is a pre-qualification.

I only want people who are committed to the word of God.

Is that you?

Here's a homework assignment: Go to Reformed Health and begin reading through the Biblical Health Study. See if your philosophy of health is in line with ours.

And be on the lookout for tomorrow's email.

Proverbs 8: 20-21.

Mischelle
ReformedHealth.net

P.S. Not everything in life can be free. That's why we're designing a health coaching program that provides a sustainable living for our Certified Health Coaches (even while enrolled in the program). But we need people who are committed to God's word. Do your views line up with ours? Do

you have a teachable heart? Begin reading our Biblical Health Study to see you'll fit into our program.

How Much Can You Earn As A Health Coach?

Before we get started, I need to make it clear: we are making NO income claims here. But...

What would you do with \$100,000.00 a year?

According to Payscale.com, health coaches average between 30K-60K per year. And that may be fine for some.

But with our Health Coaching program, you'll have the opportunity to make much more than that.

And before I take another step, let me assure that even though our Health Coaching program is built upon a proven model -- it is NOT an MLM. Nor does it rely upon selling supplements to your clients (as do some health coaching programs).

This system is totally unique. In fact, you'll have to do NO selling whatsoever (unless you want to). Why?

Because everything is built into the system, including the selling. I can't tell you exactly how that works just yet, but when I show you how simple it is, you'll be amazed. But I do guarantee that I will explain everything you'll need to do -- step-by-step -- once you enroll in the course that I am offering totally FREE to my first 12 students.

Once you are a Certified Health Coach, you'll need clients. And I will show you exactly how to find them (I'll even help you out).

Using the system, you can earn around \$1000 per client. [And there are really no limits here, except where you set them.]

It's simple: 12 clients a year = \$12,000 a year. (That's one client a month.)

2 clients a month = \$24,000 a year.

5 clients a month = \$60,000 a year.

12 clients a month = \$144,000 a year.

But that's only one income stream.

- You'll also have the opportunity earn income by:
- Recommending products (and earning commissions)
- Selling products outright (get paid immediately)
- Charging personal clients hourly (without ever asking them to pay)
- Billing out of town clients for Skype sessions (and get paid upfront)
- Offering personalized classes (in person or online)
- Getting speaking engagements (you set the fee)
- Generating advertising income through video or blogging (they'll be a special class on this)
- Writing eBooks in a specialized niche (sell them on Amazon or elsewhere)
- And more

You might wonder why anyone would want to pay you to speak (again this is optional). But once you've completed the full course and become Certified -- you are going to be an expert in your own personal niche. If you work your business correctly -- you'll have people seeking you out for speaking engagements.

The earning potential is really unlimited based upon your desire and drive.

Obviously, not everyone is going to want to speak, write an eBook, or start a blog. But I'm going to help you do it if you want.

In fact, once you finish your Coaching Program, you'll have enough written material to create your very OWN eBook. This book will be in YOUR specialized niche and yours to offer for sale. You'd be foolish not to. (And with a little providence, you might even get a book deal with a real live publisher.)

All this will be explained as I unroll all the courses. But I need to warn you...this is not a GET RICH QUICK scheme. It is going to take a lot of work on your part.

And, I want you to start earning money as soon as possible. So in my next email, I'm going to explain exactly how you can start earning income (almost) immediately -- even before becoming certified.

Now I have a quick assignment for you (to see how serious you are about this program).

In my last email, I closed with a Bible verse. Did you look it up?

If not, look it up now. And then go to my Private Facebook Group: Health Coach VIP. Request to join. Once approved, share with the group what the verse means to you. [Btw -- since this is a new program -- you might be the first to join. Don't be shy. As an added bonus, if you are first to share your thoughts in the Facebook Group: Health Coach VIP , you're guaranteed a FREE slot in the program (I only have 12).]

See you in the next email.

And may God prosper you above your wildest dreams.

Mischelle
ReformedHealth.net

P.S. Yes, you can earn a sustainable income as a health coach. But I only have 12 FREE slots. Be sure to join the Facebook Group Health Coach VIP to show me you're interested.

P.P.S. And don't forget to share your thoughts about the Bible verse I posted in the last email.

Yes. You Can Start Making Money Fast.

If you've missed any of the previous emails, you're going to want to go back and read them before moving forward. [You might even want to go back and save them in a special folder for easy reference.]

There were certain steps I asked you to take to show me you're interested in this program. It is very important to find 12 people who trust God's word thoroughly -- and who believe that the worker is worthy of their wages.

By now you should have:

- Downloaded and read the eBook: 7 Solid Reasons to Study Health in the Bible
- Began reading through the Biblical Health Study
- Looked up a Bible verse
- Joined the Health Coach VIP Facebook group
- Introduced yourself
- Commented about the Bible verse on the Facebook Group
- If you have not completed these steps. Make sure you do them ASAP.

Health Coaching is a big responsibility. I am looking for responsible people who can follow simple directions. Please don't think I'm being harsh. I'm just seeking the right people to join me on this team.

After all, I am offering this course for FREE to the first 12 people who become certified.

In the last email, I promised you a way to start earning money FAST.

Here's the plan. The very first course (after New Student Training) I'm offering is a LIFE CHANGING course.

Some people charge up to \$1000 for a course like this. But I'll be offering it for sale for only \$97. (That's not what you'll pay -- until I've certified 12 people -- the course is FREE.) But here's the good news.

You don't have to wait until you're certified to share this \$97 course (\$1000 value) with others. As soon as you finish the course (and the associated Coaching Credit Course -- also FREE to you), you'll be able to enroll people in the course yourself. [Btw - this is totally optional. If you don't want to share the course, you don't have to. But after you see how powerful the course is -- you'll probably WANT to share it.]

And you'll be able start generating income quickly. Again, I will be showing you how to offer the course. I'll give you all the words you need to sell it. And you won't have to pay a penny to promote it.

Each course you sell could generate close to \$50.00. I'll explain it all to you after you've completed the course and the associated Coaching Credit Course.

This LIFE CHANGING course has the power to transform your life [and the life of your clients]. You'll understand once you begin.

I'll tell you more about the course tomorrow. And I'll give you a quick head's up. Though the course is FREE for you (for life), there is a text book. I wish I could give it to your for free, but I just can't do it.

It's not expensive. The last time I checked, it was available for \$6.43 on Amazon.

If you go through this course, your life is about to change. Truth is, this course is so valuable, you'll probably want to go through it every year.

May you always seek out God's best,

Mischelle
ReformedHealth.net

P.S. If you're onboard, go to the Facebook Group and tell me how excited you are. (I know I am.)

You Need to Know This Before You Move on.

Have you ever been given an expensive gift that you really didn't appreciate?

Once I was given a computer scanner for my birthday. It was pretty expensive in those days. But I really wanted something else (ungrateful me).

So I smiled and pretended I liked it; but I didn't value it the way I should have. Why?

Because my parents had used a gift certificate to purchase it. And I knew it didn't really cost them anything.

Often times when something is given for FREE it has little value to the recipient. And if it is not valued, they may set it on the shelf and never use it.

Maybe they'll never even look at it again. Ever.

But I don't want that to happen with my FREE coaching program. Because it really does have value. Lots of value. Thousands of dollars of value. (Which you'll see more and more as you go through the program.)

And I don't want you to be under the impression that FREE means EASY. It doesn't.

This course is going to take a LOT of work. Especially if you want to be Certified.

When I became a Certified Health Coach under Dr. Jordan Rubin, I didn't value the program. Why? Several reasons.

First, it was FREE.

Second, it didn't give me the tools to start making money right away.

And Third -- it was TOO easy.

So when I started creating my Health Coach curriculum, I didn't want to make those same mistakes. I knew it could not be FREE because it would not be sustainable. I knew it would have to provide a way for my Health

Coaches to start making money immediately. And finally, I knew it had to be challenging -- so my coaches would really LEARN the curriculum. Not just pass a quick multiple choice test (where two of the choices were ridiculous).

So if you are looking for an EASY course -- this is not it.

If you are looking for FREE -- I'm only offering free to my first 12 Certified Health Coaches.

And hopefully you want to start earning money quickly.

There are people who think it is wrong to charge money to help people (I've even felt that way myself). If you're one of those people, let me ask you a question.

Have you ever known a doctor who doesn't charge for his services? Even doctors who work for FREE clinics get paid by someone.

Sometimes, however, doctors go on mission trips. Charity is an important part of the Christian faith. So I'm building into the curriculum a method to help the less fortunate who are unable to afford your coaching services.

I'll give you the plan (in the curriculum). It will be up to you to implement it. In fact, if you want to run your whole business on a charity basis -- you can do that. It's totally up to you.

But I am really looking for 12 Coaches who are excited about earning an income.

By now, I'm sure you have a boatload of questions. Go to the Health Coach VIP Facebook group and ask away. That's what the group is there for.

And as soon as the first course goes live: I will let you know.

See you there.

God's richest blessing upon you today and every day.

Mischelle
ReformedHealth.net

P.S. This Health Coach curriculum will not be easy. Are you ready to do some hard work? I want to answer all your questions. So go to the Facebook group Health Coach VIP and I will answer as many questions as I can.

P.P.S. Tomorrow's email will give you a sneak peak at some of the courses in the Health Coaching curriculum.

P.P.P.S. Keep looking for the live link to the first course in the curriculum.

You Are About to Embark on A Life Changing Journey!

Has Your Life Turned Out As Planned?

Do me a favor.

Imagine you walk in (uninvited) to a special conference. The seats are filled with your family and friends -- even from childhood. They're all crying.

Up on stage there are bouquets of flowers, a long shiny box, and a man behind a podium.

When the man starts reciting Psalm 23, you realize you are at a funeral. You glance to the right of the podium and gasp when you see a large picture of the deceased.

You recognize the image and realize something terrifying.

It's your funeral.

You listen intently as the pastor invites your friends and family up one by one to say a few words about how YOU impacted their life.

What are they saying?

"She had such beautiful hair."

"He really drove a nice car."

"She really knew how to keep the house clean."

"He used to get angry a lot."

There's nothing wrong with some of those things of course. But do you really want to be remembered by your hair, car, house cleaning skills, or weaknesses?

Probably not.

Most people drift through life without a clue where they are going (or what's really important).

And guess what?

That's exactly where they end up: drifting through life without a purpose.

But that does NOT have to happen to YOU!

That's why the first course [after New Student Training] in our Health Coaching curriculum helps you answer the meta picture of life: the BIG picture.

Many parents lead their children down this path while they are young so they can find God's best. [Train up a child in the way he should go....] But many of us have never even considered the possibility that we could create the life we want -- by design.

One thing is sure: it rarely happens by accident.

Do you REALLY want to be a Certified Health Coach?

Since we are offering this coaching program FREE to the first 12 Certified Coaches -- I need YOU to be sure this is what you really want in life.

More than that -- you need to know that God is CALLING you to be a Health Coach. If you miss God's calling in your life, you'll not be content. And this program won't work. I know.

I've tried many programs and spent thousands of dollars on programs that just were not what I was CALLED to do.

This course can spare you tons of pain and hours of unnecessary study -- if Health Coaching is not for you. And as an added benefit -- it might redirect you to where your TRUE calling is.

But if Health Coaching really IS your calling -- you'll discover that as well.

That's why we're starting our Health Coaching program with this course first.

The "Design the Life You Really Want" course will:

- Give you the confidence that you are on the right path (or redirect you if you're not)
- Provide you the necessary gumption to finish the Health Coaching program if it's a fit for you
- Empower you to implement life-changing principles so you can achieve optimal health (you've got to lead by example)
- Help you identify areas in your life that are keeping you from fulfilling your dreams
- Give you permission to succeed in those areas that are most important to you (and discover what they are)
- Teach you to build strong relationships with the people most important in your life (relationships need nurturing)
- And more

After you go through this course and implement what you learn, you'll no longer have to guess what people might say at your funeral.

You'll know what they'll say, because you'll have become the person you really want to be. And you'll have a plan for your life that reflects your core principles and values.

If you don't sign up for this FREE course -- you could miss God's calling in your life. And you'll miss out on the opportunity to become one of the first 12 "world changers" enrolled in our Health Coaching program (since it is a required course).

But I'm sure that's not you.

You're probably itching to sign up for the course. I know I am! (Yes. I'll be taking the course with you.)

Be checking your inbox over the next week for enrollment instructions.

In the meantime, If you are not receiving the Reformed Health Community newsletter, you need to sign up for it now.

These courses are all provided in conjunction with Reformed Health, where we believe sick is not normal. Our bodies CAN heal themselves. And Christians can take control of their own health so they can be all that God has designed them to be.

Here's the sign up link. When you join, we'll give you access to more FREE resources. If you're already a member -- you don't need to do this step.

May God bless you beyond what you can ask or imagine!

Mischelle

P.S. Our first [real] course (which will help you identify your calling) will be live soon. Keep watching for the email. Also, if you have not yet signed up for the Reformed Health Community newsletter, do so today. It is an important part of the coaching program, offering information you will need on your journey. Sneak Peak at The Health Coach Curriculum

In the last email I warned you about the FREE syndrome. And I don't want it to happen to you. Offering the course for FREE to my first 12 coaches, puts you at risk.

Today, I want to remind you that the course is FREE for a reason.

I need to test out this curriculum to get rid of any bugs, unclear information, and hiccups. I want this course to be of the highest caliber possible so:

- We can help more people experience the transforming healing power God provides
- You can make more money and achieve your goals in life and save for your future
- The course will sell itself so no one will have to become a sales-person (when we really want to be a health coach)

Please don't think of yourself as a crash test dummy -- but in some ways that what you'll be if you enroll in the FREE coaching program.

So before I introduce the tentative coaching curriculum outline, I need to ask you an important question.

Are you willing to provide feedback, ask lots of questions, and be brutally honest about the program?

Because that is what I need from you in exchange for the FREE course offering.

[See. It's not really FREE after all. You must give me something in return.]

And on another note: If all goes as scheduled, the instructions to enroll in your first class "Design the Life You Really Want" should arrive in your inbox tomorrow!

Yay!

If it doesn't arrive. Don't worry. It's just a glitch as we work through all the details of the program. This really is a ground floor endeavor. And I am taking a lot of risks -- so you don't have to take any.

I promised you a glimpse at the Health Coaching Curriculum. Please note this curriculum list is not complete (the associated Coaching Credit Course -- and the Coaching Certification specific courses are NOT listed.)

And these courses are subject to change based upon YOUR feedback. (I told you I need your help.) Please note: these are not listed in order.

2. Philosophy of Health 101
3. Total Kitchen Makeover

I'm getting super excited. And hope you are too.

Look for the enrollment instructions for "Design The Life You Really Want" in tomorrow's email. I'm serious. This class will change your life.

May God prosper you in all your ways,

Mischelle
